

## FliteCharts Data Alert 23123

**TO:** Users of all Garmin aviation products using the Canada, United States, or North America FliteCharts® database

**DATE:** December 21, 2023

**CYCLE:** 2312

**SUBJECT:** Out of Date Procedures

---

### **PRODUCT AFFECTED**

The Canada, United States, and North America FliteCharts databases for cycle 2312 are affected.

### **DESCRIPTION**

Some US procedures are out of date in the Canada, United States, and North America FliteCharts databases for cycle 2312. Affected charts are listed at the end of this alert.

### **PILOT ACTION**

Do not use the charts listed below.

### **NOTE**

Do not maneuver the aircraft based solely upon the geo-referenced aircraft symbol. As indicated in the pilot's guide, geo-referencing is provided for situational awareness only.

*Alerts are written for the currently effective cycle and next cycle. It is possible that data from prior cycles is also affected. Garmin recommends using the latest effective data cycle.*

### **RESOLUTION**

The charts will be corrected in the 2313 cycle of the Canada, United States, and North America FliteCharts databases. Cycle 2313 FliteCharts databases are effective December 28, 2023 and will be available December 26, 2023.

*Garmin requests the flight crew report any observed discrepancies related to database information. These discrepancies could come in the form of an incorrect procedure, incorrectly identified terrain, obstacles, fixes, or any other displayed item used for navigation or communication in the air or on the ground. Go to [FlyGarmin.com](https://www.flygarmin.com) and select "Aviation Data Error Report."*

## FliteCharts Data Alert 23123

### **AFFECTED CHARTS**

The current versions of the following charts are not included in Canada, United States, and North America FliteCharts databases for cycle 2312:

**Table 1. Canada FliteCharts Database**

<b>Airport Identifier</b>	<b>Chart Name</b>
PAJN	Airport Diagram
